

FRANCO GARAY BENITEZ

University Programming Technician | Java & React Developer

Mendoza, Argentina | +54 261 5939115 | francogaray2314@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Developer with a strong backend focus, specializing in Java (Spring Boot) and modern React ecosystems. I combine software engineering with 7 years of professional experience in the healthcare sector, managing critical medical imaging systems (DICOM/PACS). Highly skilled in solving complex business problems and leading workflow digitalization in high-demand environments.

TECHNICAL STACK

Backend & Core: Java 21, Spring Boot 3, Spring Security, JWT, JPA/Hibernate.

Frontend: React (18/19), TypeScript, Next.js, Tailwind CSS.

Databases: MySQL, PostgreSQL, MongoDB, Supabase.

Integrations & DevTools: Git, REST APIs, Swagger, WebSockets, Postman.

Healthcare Domain: DICOM / PACS Systems, Computed Tomography (CT) workflows.

FEATURED PROJECTS

Radiología Mendoza | Full Stack Developer

- Medical imaging request management system featuring dedicated dashboards for physicians and technicians.
- Stack:** Next.js, React 19, TypeScript, Supabase (PostgreSQL + RLS), shadcn/ui.
- Key Achievement:** Optimized emergency queues based on the real clinical workflow of an X-ray department.

El Buen Sabor | Full Stack Developer

- Comprehensive e-commerce and restaurant management platform developed as a UTN capstone project.
- Stack:** Java 21, Spring Boot 3, JWT, WebSocket, MercadoPago, React 19.
- Key Achievement:** Built a feature-first architecture supporting 5 user roles, real-time payments, 16 controllers, and over 25 JPA entities.

Musical Hendrix | Full Stack Developer

- Full e-commerce platform featuring a product catalog, shopping cart, and integrated payment gateway.
- Stack:** Java 21, Spring Boot 3.5, MySQL 8, React 18, MercadoPago, Swagger.
- Key Achievement:** Fully documented the API using Swagger and implemented webhooks for real-time MercadoPago integration.

PROFESSIONAL EXPERIENCE

CT Technologist | Hospital Central de Mendoza (2017 - Present)

- Advanced technical management of medical imaging across PACS/DICOM systems and digital protocol optimization.
- Operation of specialized bioimaging software in high-pressure emergency and urgency settings.
- Leadership:** Trained healthcare and auxiliary staff on the use and configuration of digital diagnostic tools.

EDUCATION

University Technician in Programming

UTN - Facultad Regional Mendoza | Graduated 2025

B.S. in Bioimaging Production

Universidad Nacional de Córdoba | Graduated 2024

Full Stack Web Development Certifications

CoderHouse | 2022 - 2023

LANGUAGES

Spanish: Native.

English: Intermediate. Fluent technical reading for documentation and development, with conversational skills for workplace interactions.
